

# PANTHER SENTINEL

## HARTNELL COLLEGE

Volume XXIX

Salinas, Calif., Friday, March 4, 1960

Number 13

## Hartnell "Witness" Play Cast Loses Two Members

Because of illnesses, the latest Hartnell College - Community Playhouse production, "Witness for the Prosecution," by Agathie Christie, has lost some original cast members.

The leading lady is being replaced by Marion Lewis who portrays Mrs. Romaine Vole, key witness at her husband's trial. Mrs. Carole Lubin played the part originally but is unable to continue because of illness. Lynne Tavernetti replaces Mrs. Eva Tavernetti, who is also unable to continue. Miss Tavernetti plays Mrs. Jane Mayhew, district attorney on the defense staff council. Darla Harris replaces Lynne Tavernetti as Greta, a secretary.

Sharon Zook plays the court stenographer.

The play concerns the story and trial of a young man of London being tried for the murder of an elderly spinster. In the woman's will, the deceased bequeathed her entire estate to the young man.

The play has canceled its first performance scheduled for March 11 due to the science lecture by Dr. Jerome Holmes.

Tickets will go on sale March 1 for 75 cents with student body card, and \$1.25 without.

Dates for the play are March 12 and March 18-19 in the Hartnell Little Theatre, according to Mr. Hal Ulrici, drama instructor.

## Assembly Plans Promise Variety

The following are some of the assemblies that will be presented at 11:40 every Friday for the remainder of the semester.

April 15, freshman class will present a repeat performance of the Freshman Talent Show of February 19.

March 18, an assembly will be held in which candidates for student body offices will give speeches. Basketball awards will be given to Gary Dauberg, Joe Chappell, Charles Noel, Sal Martinez, Bert Tomasini, Buzz Green and Lawson Maddox.

If you like to hear choral groups don't miss the Hartnell performance for the March 25 assembly.

April 1 assembly will feature a representative from the D. S. Kennedy Foundation who will explain the local satellite plant on Monterey Road. Most of you have seen the giant radar reflector on the hilltop. When lit up at night, it looks like a huge cocktail glass. The company spokesman will explain some of its operations.

## Inquiries Issued

Hartnell students were given questionnaires this week to determine what courses will be offered at the college summer session.

Results of these sheets will be used to plan the summer program, so students are asked to fill them out and return them to the physical education class instructors.

Nineteen suggestions appear on the sheet with room for additional classes to be written in by the students. Students are urged to check no more than three classes. All classes will be daily.

At the time of the Hartnell summer session, June 20 to July 29, San Jose State will hold an "on campus" session here which will offer upper division courses for provisional and regular teachers.

## Officers Chosen For Honor Society

The Nu chapter of the Alpha Gamma Sigma, statewide junior college honor society, recently selected second semester officers.

Heading the club are Bill Stretch, president; Laura Cardiff, vice-president; Marie Closter, secretary and Violet Shiratsuki, treasurer.

According to advisor Mr. Robert Johnston, the eligible membership list has increased from 33 to 45. Those whose names were omitted from the last Sentinel issue are Janice Hunting, Laura H. Cardiff, Marie Closter, George Osugi, Gwen Lee Swanson, Roger Lee Jones, Walter Earl Craven, Anita Louise Williams, Henry M. Yamano, Miguel Rojas Batobato.

Students on the eligible list must pay 50 cents semester dues in order to be recognized as official members.

## Selective Service Petitions Available

Applications for the April 28 administration of the College Qualification Test are now available at the local Selective Service System board. The test results will consider the student's possibility of deferment.

Eligible students who intend to take this test should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out the application and mail it immediately to Selective Service Examining Section, Educational Testing Service, Post Office Box 586, Princeton, New Jersey. Applications for the April 28 test must be postmarked no later than midnight, April 7.

It will be greatly to the student's advantage to file his application at once. The results will be reported to the student's local board of jurisdiction for use in considering his deferment as a student.

## Smith of Salinas HS Named Grid Coach

Mr. Arvin Smith, Salinas High School coach, was chosen to be Hartnell's new football coach at the March 1 Board of Trustees meeting. Smith will take the place of Coach Ken Blue, now backfield coach at University of New Mexico.

## Student Delegates Attend J.C. Meet

Hartnell College was represented by 10 student body commission members at the Northern Region California Junior College Student Government Association at American River J.C. Feb. 27.

The delegates attended various workshops concerned with the different phases of college life and student government. Students making the Sacramento trip and the workshop they participated in are: Darnell Hersbach, current problems; Paul Rauscher, athletics; Walter Sorenson, campus activities; Judy Wong, publications; Judy Lucas, Associated Women Students; Ray Hanna, Associated Men Students; Tom Alderson, campus problems; Joanna Cruysen, finance; Sam LoBue, publicity; and Bob Braun, student government.

Accompanying the students was Miss June Handley, Dean of Students.

## Professors Visit Hart Classrooms

Hartnell's anthropology class was visited recently by Professor Nguyen-Huu-Thu, chairman of the Vietnamese Department of the U.S. Army Language School. Professor Thu, who received his education at the University of Hanoi in Viet-Nam and Sorbonne at Paris, described the past of the Vietnamese people, their culture, habits, customs, religion, ceremonies and the present ways of life. He demonstrated the political division on the map of the country and answered many student questions.

Professor Joseph St. Clair, also of the language school and former professor of Teleki Institute at Budapest, spoke to the anthropology class during February as did Professor Thu. He described the Hungarian people and their historical background. He said that the present Hungarians crossed the Ural and Carpathian Mountains and finally settled in the Danubian area.

Smith will begin April 1, taking over all of Blue's former P.E. classes—including swimming because Smith has previously been a lifeguard.

He is a 1950 graduate of University of California Santa Barbara, where he received his A.B. degree. At U.C., he participated in football, boxing, baseball, and track. Later, Smith attended University of Colorado, acquiring his Master of Personnel Services degree.

Smith was the head football and baseball coach at Salinas High school since 1950, except for his army service from February, 1951, to February, 1953.

In the service, he coached a track team, which won the Fourth Army championships in 1952.

Smith graduated from King City High School, where he was student body president, senior class president, and junior class president. He also participated in football, baseball, track, and basketball.

Mr. Stuart Dufour, vice president of Hartnell, stated that the hiring of Smith was unanimously accepted. Dufour added, "No coach at Hartnell has ever been hired in less time."

## Why Not Seek A Student Office

Next Monday, March 7, aspiring candidates for one of five student government offices, to be vacated at the semester's end, may initiate their campaigns by securing petitions from Miss June Handley's office. Contested positions include offices of student body president, secretary, sophomore class representative, commissioner of rallies and assemblies and commissioner of the student store.

These petitions must be signed by 50 students and returned by March 18.

A 2.0 grade point average and a minimum of 10.5 units per semester are prerequisites for all office seekers.

Pre-election activities will climax at the March 18 assembly and end at the general election on March 21-22. Runoffs will be held March 24-25.

## 1960 Nurses Graduate; Begin New Positions

After a year of work, 11 women graduated from Hartnell's nursing class when they received their caps recently.

These 11 women are: Judith Dent, Fae Dicus, Evelyn Dunken, Jan Kemp, Josephine Lodble, Mabel Lyman, Bernice McLaskey, Oso Pepper, Linda Sigala, Amy Smith and Mauriece Taylor.

Seventeen women enrolled in the class at the beginning of the year, but six dropped out, leaving these eleven women.

In order to receive their nursing accreditations, these women had to attend class at Hartnell campus six hours daily. On November 10, they began going to the hospital every Tuesday for the entire school day to perform what they had learned in class.

While at the hospital, they worked in several wards: the children's ward (pediatrics), the isolation ward, tubercular sanitarium, maternity-nursery ward, medical surgical ward, and the central supply room, which supplies all the equipment needed to care for patients.

Several Courses Finished

Before going to the hospital, these 11 women studied basic

nursing arts, pharmacology (administration of medicine and drugs), surgical nursing, care of children, mothers and infants; diet, therapy and nutrition; and community and personal health and hygiene.

In addition, they had to take a medical examination, and spend 534 hours in the classroom for their first semester.

Miss Anna Beck, head of the nursing department, instructs these nurses-to-be every year, and she says these 11 nursing graduates are now working in the Monterey County Hospital. The began their full-time jobs on February 1. In this job, the women attend classes nine hours a week and work in the hospital wards for 31 hours a week.

In order to acquire a nursing degree, the eleven women had to pass a state examination. All of them passed the test, and many scored high. So now these 11 women are eligible to receive their nursing degrees.

## Sweethearts Behind Valentines

Colhecon Club members combine profit and pleasure as they made over 50 pounds of panocha, divinity, fudge and other sweets, sold to the faculty in valentine-decorated plates wrapped in cellophane. Proceeds went towards a scholarship to be awarded an entering Hartnell student majoring in home economics. Pictured above are Darnell Hersbach, Gwen Swanson, Dale Shirachi, Donna Lamb, Joyce Malnati, and Sue Patton.

## Editorial

## Frosh Assembly Successful

It seems quite a bit of interest was stimulated by the first Freshman assembly in the history of Hartnell, which was held recently.

The freshman class really worked hard to bring to the student body some of the best talent available in the class.

The balance of humor and solemnity was appreciated by those attending. More were turned away from the performance than attended because of the limited space in the Little Theatre.

Due to the response and the number of students which was unable to see the freshman achievement, the class plans a repeat of the assembly on March 11.

The acts will be much the same as before, but some of well worth seeing again. To the freshmen (and the sophomores who helped) congratulations on a job well done!

## Basketball Season Ends

Three cheers should go to our basketball players who completed their season last Saturday with the Monterey game. The players did not win all of their games but gained invaluable experience which can be put to good use next year. Again, to the players and Coach Barney Muldoon, thanks and congratulations!

## Coach Blue Leaves

Coach Blue has left Hartnell to begin his new position at the University of New Mexico. The student body showed its appreciation for the job done by Coach Blue by presenting to him an engraved desk set at last Friday's assembly. The gift was a surprise and few students were on hand to see the presentation to Coach Blue — this is only one reason why students should attend future assemblies. You never know what will happen.

## LITTLE MAN ON CAMPUS

"I AGREE WITH YOU THAT SHE ISN'T VERY BRIGHT — AND I GAVE HER AN 'A', TOO."

## EAST CAMPUS NEWS BRIEFS

East Campus is preparing to present two different judging events, one on March 19 for agriculture and farm mechanics, and the other sometime in the spring for shop work.

March 19 will be a big day for vocational agriculture students in this area. High schools expected to compete in these judging events are Salinas, King City, Morgan Hill, Gilroy, San Lorenzo, and San Luis Obispo. Approximately 100 students and instructors are expected to attend.

The contest consists of livestock judging, land judging, truck crops, dairy, parliamentary procedure, and farm mechanics.

In livestock judging, the contestants will choose the best swine, sheep and cattle from a group. As for land judging, the contestants will decide which soil can grow the best crops. These judging events will take place on East Campus in the morning, while parliamentary procedure will be

presented on main campus in the Hartnell Little Theatre at noon. As for parliamentary procedure, the participants will be judged on how well they can carry on a club meeting.

Awards of trophies will be presented at three in the afternoon, concluding the first contest.

Later in the spring another contest will be held, consisting of various competitions in shop work.

Mr. Lyman Fowler, head of East Campus, stated, "This is a new endeavor in the field. To my knowledge, there has never been a contest of this kind presented in the state."

The varied competitions of the contest will include carpentry, arc welding, acetylene welding, automobile adjustment, machine shop, and radio and television. Participants will be invited from all high schools in our J.C. area.

## Front Row, Center

By Judy Wong

Our Loss, Albuquerque's Gain...

Coach Blue has already left Hartnell to take over his position at the University of New Mexico; but even though we can't call him "our coach" anymore, we will always remember him here in Salinas. This personable man has made many friends during his six years with the college and no doubt, he will be missed by many. The things he did for Hartnell were great ones; he did his work well and most important of all, he knew what he was doing. It is a general feeling around the campus that Coach Blue was waiting for such an opportunity to move up the ladder; we hope that this step is just the start for the many great things yet to be bestowed upon this person who gave so much of himself to Hartnell College.

By, For and Of the Students...

"There is a strong need for GOOD student government in order to insure everlasting democracy... in student government, there is a meeting of ideas through the exchanging of minds."

Such was the theme of the Northern Region CJCSCGA meeting held last Saturday at American River Junior College. Ten Hartnell commission members made the trip to learn what was going on at the rest of the junior colleges and to let others know what was the latest at Hartnell. I was fortunate enough to be one of those representing our college and I can truthfully say that after the whole event was over, our delegation never felt so glad that we were students at Hartnell.

Hartnell may be lacking in certain facilities such as expansive and bright new buildings separate from each other, acres and acres of beautiful landscape and modern equipment but the freedoms and the things we are able to do without a set of rigid rules and laws are more plentiful than many other colleges. For this we should be appreciative. I attended the publicity workshop and the main problems there were definitely nonexistent at Hartnell. For example: Several JC's do not get any support at all from their local newspapers, radio and TV station; some colleges have no regular public relations department whatsoever. Another thing that seemed very trivial was the daily bulletins; some cannot repeat items; other bulletins are censored and some places, they are read every morning to the students just like in high schools. Thank goodness, we have Hartnell!

Sincerity Plus Responsibility...

It's that time again to think up crazy posters and little campaign speeches saying, "I hereby promise to do such and such, if you will vote for me!" These sayings come and go every year and this March will be no differ-

As head of East Campus, Mr. Fowler stated that these events will show the participant's skill in a chosen field, in which he will probably work for three hours. Awards will be presented to both individuals and school at the conclusion of the contest.

As a closing remark, Mr. Fowler stated, "While the last contest is still in the planning stages, it is hoped possible to get full participation from all the schools in this college district."

## American Poetry Society Posts Need For Literature

The American College Poetry Society recently announced that its third anthology of outstanding college poetry is being compiled now for publication next summer.

Hartnell students who wish to submit poems for consideration must comply with the rules of the society. Contributions must be the original work of the student, submitted to Alan Fox, American College Poetry Society, Box 24463, Los Angeles 24, Calif., with the entrant's name on each page.

Poems may deal with any subject, but may not exceed 48 lines. No individual may submit more than five poems.

Entries which are not accepted for publication will be returned if accompanied by a stamped, self-addressed envelope. The society cannot compensate students for poetry published but the student shall retain literary rights to the material.

All entries must be postmarked no later than March 30, 1960, to be considered, and all decisions of the society judges are final.

## Wondering El

By Eileen Volpatti

Onward to greener (?) pastures went the Roving Reporter, Bob Thompson. Guess he took his roving to heart cuz he was last seen shopping for parkas in anticipation of an Alaskan sojourn. So Time, Life and Bob march on.

The three musketeers of La Reata, Chuck Allen, Jerry McFadden and Ron (no relation to Bob) Thompson, met the deadline for the first half of the annual... but nary a moment's respite (even with ulcers) because the press is already breathing down their necks for the second section.

Instructor Is Student

Didja happen to know that Dr. Braverman is an extended day student... in Italiano, no less? Overheard him slinging the lingo with Mr. Vahe Aslanian, whose sabbatical to the sunny shores is still a fragrant memory. Mr. B.: "Io mio chiamo Braverman. Come si chiama Lei." Mr. A. said nothing, despite the fact he's had first-hand lessons.

Speaking of faculty members, "\$22,000 Grant" Wilson is back on deck after a recent bout with German measles. Wonder if he thought the Neurospora Crassa was too much for him when he first saw those red spots before his eyes!

Names Can Confuse

What's in a name? Tried introducing Roger Smith as Roger Jones... Oops, I mean Roger Jones as Roger Smith... Definitely he's one of the Jones boys and not the Smith Bros. (no beard)... So who wouldn't be confused after having sat — literally — on a tack (Note to Thursday morning occupant of last row next to window in Room 4... Watch it!)

Fortieth Anniversary coming up for our Alma Mater come September. Aren't we lucky that someone started the ball rolling way back then? And how're we going to celebrate the occasion? EEK, midterms, coming up!

ent. But it really doesn't matter what one says, however, the important thing is the feeling of seriousness behind the promises that one makes. Some of you who are thinking about running for an office should first answer the following questions truthfully: (1) Am I sincere about running for the office? (2) Am I deeply interested in the position? (3) Will I work towards the student body's needs? (4) Am I able

## International Club Makes Plan

The International Club initiated its second semester activities by recently sponsoring an after-game dance.

The profit of \$24 will go towards a club trip, one of the many activities planned this semester.

Second semester officers are Ramona Insular, president; Jeanne Daguio, vice-president; Frankie Bollilus, secretary; Barbara Tashiro, treasurer, and Daisy Bercilla, ICC representative.

to carry out the responsibilities which the position demands and (5) Can I always be trusted to be an outstanding representative of Hartnell College? If your answer to all five questions is a sure and strong "YES!" you definitely should run for one of the positions open on the student commission.

The first question to me seems the most important because in the answer lies whether you are willing to give time, effort and work beyond the call of duty towards the needs of the college. I personally feel that sincerity is one of the main things lacking in this year's commission.

For you who are in doubt as to whether you should run or not, I have this much to say: If all your answers were positive to the above five questions, certainly you should run; having something to do with student government and governing your own college is one of the most valuable experiences you may ever have. Working with student government is enriching, rewarding, challenging and last but not least, fun.

# Student-Faculty Talks Open Second Session

## Biology Lecture To Kick Off Science and Arts Series

The Hartnell College Seminar Program, under the leadership of Dr. Howard Feder, and Jim Maloney, sophomore class president, began its second round of talks with Mr. Karl Bengston's excursion into the problem of capital punishment, Feb. 19. This talk, coming when the convicted kidnaper-sex pervert Caryl Chessman was scheduled to die in the gas chamber was presented before an audience of about 90 students and faculty members.

Dr. Howard Braverman, of the social science department, last week led the discussion on socialism. His introduction, stimulating and complete, caused many heated questions on the subject. This Friday, the seminar will meet once again. The featured subject will be the strange and curious freaks of mathematics. Mr. Dan Coulter will lead the discussion.

### Future Movies Planned

"All the King's Men," a movie based on the novel of the same name by Robert Penn Warren, will be shown for students and interested persons on March 25 at the Little Theatre.

Following this presentation, the famous and highly respected documentary classic, "The Titan," the life of Michelangelo, will be shown on April 18. Just received is the latest and yet unscheduled film for the series, "Death of a Salesman."

## Hart Jazz Club-MPC Plan Merger

At a recent meeting the Hartnell Jazz Club discussed starting joint activities with Monterey Peninsula College. If the idea is successful, the Jazz Club, with MPC, will have parties, dances, and concerts together. The club is planning to send five members of the club over in the near future to discuss the idea with the MPC Jazz Club.

After the brief meeting, everyone listened to live jazz music. A jazz quartet composed of John McKea on bass, Dave Satre on drums, Dan Edwards on alto sax and Mike Pritchard on piano, all of whom are Hartnell students.

Darla Harris made a report at the meeting on the concert which the club is planning. No definite plans have been made however.

Earlier in the year the Jazz Club held its first dance in which the members came dressed in beatnik clothes and costumes. No rock-and-roll music was played.

Hartnell College's first lecture series will begin tonight with an illustrated address by Dr. James F. Wilson, Biological Science instructor, on "New Frontiers in Biology."

Members of the community are invited to the presentation as well as Hartnell students. The lecture will be in the Student Union, beginning at 8 p.m. Admission is free.

Dr. Wilson is currently conducting research on the chemistry of heredity under a grant from the National Science Foundation.

His lecture is the first in a series entitled, "Hartnell Presents," which is planned to examine one or two broad areas of learning each semester.

This series, centered around science, will present the other Hartnell instructors who will follow Dr. Wilson. Dr. Jerome Holmes will speak on "The Impact of Chemistry on Modern History," March 11; and William Bullis, "The Effect of Weather Cycles on Human Behavior," on March 25.

Scheduled for the last part of the semester is a "Festival of Arts" to present four events in the art, drama and music of the Renaissance era.

The "Hartnell Presents" idea was explained by Dr. J. Frederic Ching as an effort to bring thought-provoking questions and meaningful entertainment to the student body. "For several months now our faculty and administration have wanted to meet with students to discuss a few problems of our times and how they affect us."

"We think 'Hartnell Presents' will accomplish some of these goals and help fulfill the role of a community college."

Art, music and drama will be presented on May 6, 13, 20 and 27.

The art lecture will be May 6.

The lecture will consist of an illustrated lecture and art exhibition by Dr. Charles Lindstrom, a director of the DeYoung Museum in San Francisco. Dr. Lindstrom's lecture will involve the principles of the general culture of the Renaissance in Italy, emphasizing the visual art, sculpture and art. Dr. Lindstrom will also bring a large painting from the Renaissance era, "The Holy Family With St. Francis, Saint Mary Magdalene and the Donor," by Bonifazio Veronese, Venetian master of the sixteenth century. The style of the Venetian school was with the landscape background.

Dr. Lindstrom will also bring a bronze cast of a Renaissance sculpture and a large brocade.

### New Vic Players Perform

The first drama production will be presented on May 13 by the New Vic Players from Los Angeles. They will present "Caviar to the General," excerpts from Renaissance plays. The excerpts

will include scenes from "Henry V," including Henry's wooing of Catherine; two scenes from "Othello"; five scenes from "Hamlet"; and two scenes from "Richard II."

The music recital will be presented by the Madrigal Singers on May 20. As a finale to the series, the drama department will present Shakespeare's "Much Ado About Nothing."

### TRAVEL ABROAD... FOR FUN AND STUDY

College Student Tours to Europe, Scandinavia And Russia Begin in June

Groups limited to 25 students will spend leisurely days of study in world centers and fun at sun resorts.

Write for Information:

TRAVELWORD, INC.  
5814 Wilshire Boulevard  
Los Angeles 36, California

## Marine Field Trip at Carmel Yields Bizarre Specimens

Third field trip taken by the Marine Biology class to Carmel Point last week to search for sea life, was a great success, according to Mr. Howard Feder, instructor.

Students arrived in Carmel at 2 p.m. and began to explore the different zones of the shore which they were interested in. There are four zones in which different specimens were found.

Thoracophelia, an ocean worm, was not too easy to find, but after considerable searching one was discovered by one of the students. Other sea life found and discussed were sea anemones, featherduster worms and tunicates.

Highlight of the trip was a wiener roast on the beach after darkness overtook them. While eating their hot dogs, the students and Dr. Feder took the opportunity to review some of the things which they had observed on the trip. Everyone entered into the discussion, and the members appeared to be coming to some conclusions relative to

## Grants Offered

Nineteen different scholarships are available to Hartnell students who want financial assistance to help them complete their educations.

Grants from \$50 to \$500 are open to freshmen and sophomores alike who can meet the various qualifications.

Students interested in applying for the scholarships should visit Miss June Handley, dean of students, as soon as possible to study a complete listing of grants available.

Deadline for return of some applications is March 15.

## BASEBALL TEAM

■ Ranged over the pitcher's mound before opening the baseball season last week end, members of the Panther ball club face the future with confidence and high hopes for a successful year. Seen here are, front row, left to right, Vernon Kemp, Loren Kienbaum, Bob Hirtel, Duane Schneider, Jim Smith, David Thomas, Alex Moag, Don Blanton and Mike Mertz. Back row, Gary Alfonso, Willie Whitman, Jim Hickox, Dudley Morris, Don Childers, Allen Jones, Tony Guzman and Joe Palacio.

## Hartnell Diamondmen Start Season With Twin Wins

Last Saturday the Hartnell baseballers opened their season with a doubleheader and won 12-3 and 5-1 decisions over Soledad Prison (at Soledad, naturally).

Some pregame talk circulated about the squad's being handicapped by the loss of Eldrige Jones, a sophomore pitcher from Gonzales who sustained a leg injury last week. These fears were proved false.

On the strength of these wins, Coach Jess Regli expressed great confidence in his team and entertains hopes of a championship season.

Veterans on the team include pitchers Bob Hirtel and Joe Palacio, catcher Duane Schneider, outfielder Bill Wittman, and Sal Martinez, infielder.

Rounding out the roster for

the Harts are Gary Alfonso, Joe Chappell, Don Childers, Jim Smith and Allen Jones, outfielders; Wayne Bereman, Jud Davidson, Tony Guzman, Jim Hickcox, Alex Moag, and Dave Thomas, infielders; Vern Kemp, Loren Kienbaum, Mike Mertz, pitchers, and Dudley Morris, catcher.

The Panthers will open Coast Conference play March 15, when they travel to Menlo to face the Oaks in a single game. Tomorrow they will battle the Hartnell alumni in the annual "Liniment Contest."

### WAA Delegates Leave for L.A.

Six delegates from the Hartnell WAA left this morning for Los Angeles where they will spend three days at the California State Women's Athletic Association convention at the Pacific Palisades in Los Angeles.

The students, Ann Salmon, Beth Juri, Becky Alberry, Dorothy Coop, Marie Closter and Jeanette Giacomazzi will be accompanied by Mrs. Jack Middaugh, physical education instructor.

Last week end at the San Jose City College play day Hartnell took three first place honors. The women's basketball team won a first place plaque, Nancy Willis won first place in the tennis singles, and the archery team, composed of Roger Uyeda, Marvin Baldwin, Loydene Thayer and JoAnne Phillips took first place honors. Baldwin was high point man of the day.

One of the highlights of the day, according to Mrs. Middaugh who accompanied the group, was the Charleston routines by Becky Alberry and Lynne Tavernetti. They did "Charley My Boy" and "Yes, We Have No Bananas." Also in the program was Ruth Leavitt with a monologue.

Wall plaques honoring the winners of the competition are now in the women's gymnasium.

## MPC Wins Over Hartnell Cagers

Last Saturday the Hartnell cagers ended their season with an 89-58 defeat at the hand of the MPC Lobos.

The Harts met their final defeat, which ended the season with an over-all score of 10 wins and 19 losses. League standings are three wins and ten losses, putting Hartnell in sixth place in the league. San Jose took first place in the conference.

High-scoring man last Saturday night was Charles Noel, netting 31 points.

Hartnell's biggest disadvantage was the matter of height, the towering Lobos possessed. This interfered in the Panthers' rebounding.

Last Friday night, prior to the M.P.C. game, the Harts slaughtered Cabrillo 77-57. This brought the Hartnell cagers revenge on the Cabrillo Seahawks' previous victory over the Harts earlier in the season. High scoring man was again Charles Noel, who scored 22 points.

The basketball season is over for Hartnell this year and as a whole it has been a profitable one, as far as experience goes.

Next year the cager squad will be made up of four returning lettermen, who will carry with them the experience they lacked this season.

#### Two Make All-Stars

Charles Noel and Buzz Green, captain of the Hartnell squad, have been named to the conference "all-star" team which will play the conference champions, San Jose City College.

Game will be held at the SJCC gym tonight. Game time is 8 o'clock.

A preliminary game between the faculties of Foothill and SJCC

### Tennis Tourney

Hartnell women tennis stars are competing for the six positions on the women's tennis team, which will compete in the Modesto tournament April 22-23.

The tennis ladder tournament began March 4 and will continue until April 8; the winner will have her name engraved on a perpetual trophy.

### A Cheap Price Is No Cure

for pimples, acne, face sickness. Time and again cheap price remedies have been tried and found wanting. Why? Because it takes more effective ingredients than cheap price remedies can give you to clear up your skin of these ailments. CLARIMACIN is not a cheap-price remedy. Discovered by a famous skin specialist, CLARIMACIN contains eight effective medically approved ingredients, a deep working cleanser and a built-in massager — a complete 3-way treatment kit. It must clear your face in 10 days or its costs you nothing. Sold on money-back guarantee. Don't throw your money away on cheap price remedies. Save it and get CLARIMACIN at:

FORD'S DEPT. STORE  
Cosmetics  
Watsonville, Calif.

will precede the championship game.

General admission for the game will be \$1, with student body card holders, 50 cents.

Other members of the "all-stars" are John Tagnoli and Gene Citta, Foothill; Bill Dutton and Howard Clark, Diablo Valley; Dave Garth and Gabe Lopez, Monterey Peninsula College; Vern Underwood and John Polhemus, Menlo; Earsell Mackbee and Bob Mansfield, Vallejo.
